REQUEST FOR AGENCY PARTICIPATION IN THE REVIEW OF THE PASTORIA ENERGY FACILITY 160 MEGAWATT EXPANSION PROJECT, APPLICATION FOR CERTIFICATION (05-AFC-1) SUPPLEMENTAL INFORMATION

We recently sent you an Application for Certification (AFC) on the above referenced project for your review and comments. On June 13, 2005, the project applicant filed the enclosed supplemental material to the AFC. This includes information on the following technical areas: air quality, alternatives, biological resources, cultural resources, project overview, socioeconomics, soils, transmission system engineering, and water resources.

Over the next 12 months, the Energy Commission will conduct a number of public workshops and hearings on the proposal to determine whether the project should be approved for construction and operation and under what set of conditions. These workshops and hearings will provide the public as well as local, state, and federal agencies the opportunity to ask questions about and provide input on the proposed project. The Energy Commission will issue notices for these workshops and hearings, normally 14 days, but in no case later than 10 days, prior to the meeting. If you are not currently receiving these notices and want to be placed on the mailing list, please contact Angela Hockaday, Project Secretary, at (916) 654-3925 or email to ahockada@energy.state.ca.us.

If you have questions about this material, or on how to participate in the Energy Commission's review of the project, please contact James W. Reede, Jr., Ed.D, Siting Project Manager, at (916) 653-1245. The status of the project, copies of notices and other relevant documents are also available via the Energy Commission's web site at: <http://www.energy.ca.gov/sitingcases/pastoria2expansion/index.html>.

Sincerely,
